During our brief stay in St. Louis, it vas our pleasure to stop at the Townshey louse, No. 81 North Fourth street, begeen Olive and Locust streets, in the entral and most business part of the city. The Townsley is a first class hotel, but ecently opened by Col. CALVIN Townser, late of Brattleboro', Vermont. The coms are fitted up and furnished in good style, and all its surroundings are such as o make the travelor feel that he is at even more than home comforts, with an bliging host always ready to administer to his wants. Col. TownsLey has associated with him O. H. It has frequently occurred to us that it St Louis, or who are passing through that city east, could have a good house, at which all could call and find an agreeable home while tarrying there. By doing this, and travelers who are on their way to Kansas also stopping at the same hotel, much information might be acquired from tical account, besides the gratification it would frequently give of meeting old noquaintances, or making new ones which thus formed are frequently lasting.

Should this idea strike our Kansas readers favorably, and the thousands in the East who have been reading the Herald of Freedom the last year, many of whom purpose locating in Kansas, we would urge them to call at the Townsley House, where we assure them they will receive the best of attention during such period

Our editorial friends, who sympathize with the above views, will do their readers atrons, and in return, in behalf of the copsictors of the Townsley, we invite them to call upon their late brother of the quill, should they have occasion to visit St. Louis, and receive from him an editor's

The officers of the Valley Bank, Atchison, have completed arrangements in St. Louis for the redemption of their surrency in that city in gold at a moderbount.
